## Big Carnival.

The Students of the Phoenix High School, feeling that they must put on some form of entertainment in order to better their financial condition, have decided to put on a carnival. The young people are very enthusiastic about this work, and are eager to make a success of it both financially and educationally.

This entertainment will display the talent of the school in art and music, and also show school cooperation. A Carnival of this kind will undoubtedly be a benefit in many ways to the students themselves and give great pleasure to all of the members of the community who attend.

To have a large crowd present will be very encouraging to the students for they feel that all who do come will greatly enjoy the entertainments shown at the various booths and delight in eating the "goodies" offered at the candy and lunch stands.

### The Need of a Gymnasium.

A Gymnasium is the greatest need now, not only for the school, but the community as well.

There should be a place for the community to gather and a gymnasium would just fill this need. This community is as prosperous as others and ought to be able to build this hall.

The students would have a place in which to practice athletics and use during Physical Training Period on rainy days. The way it is now, the students have to take Physical Training out in the rain, while if they had a gymnasium they would not have to do this.

The Basketball teams should have a floor of their own instead of having to rent one as they now do. The girls could not have a team this year on this account.

It would also be a credit to the school and tend to make it larger and better. So lets everybody boost for a gymnasium.

The Rogue River School built a hall last year. Central Point aims to build this year. May we not have one soon.

## EXCHANGES

We have received the following school papers: The Rogue, The Hi Rooster, N. H. S. Echoes, Talent Hi Life, Rouge News, and The Central Pointer.

## LITERARY NOTES

Last week the High School enjoyed fifteen minute programs given by the Literary Divisions, the first program was given by Goldie Brown's division on Wednesday. Dorothea McClain and Jeannette Sheets sang two duets, "Mellow Mo'n" and "The Sunset Trail". Goldie Brown then entertained the High School with selections from her accordin.

On Thursday afternoon the program was given by Mildred Ward's division. The first number was a song by the Division, entitled "Mississippi Mo'n". Della Nichols then played a violin solo. The last number of the program was a story read by Margaret Note.

The High School was entertained by Mildred Bolz's division on Friday. The first number was the "Devision Song", after which a pantomime of Blue Beard was acted out by Mildred Bolz and Floyd Watkins. As the last number on the program the leader, Mildred Bolz, read a story entitled "The Beginning of the Armidillos".

## NEW PUPIL ENROLLED

Gladys Dole entered the High School Tuesday, and is a member of the Freshman Class.

## GIRLS BASEBALL

The Girl's Baseball Team is greatly elated over having a fine new baseball to play with. This will greatly aid the girls in playing as the old ball was getting so soft to use to a good advantage.

## SOCCER TEAM ORGANIZED

The boys of the High School and of the Grades have organized a Soccer team. The money with which to purchase the ball was raised by pop-

ular subscription, and the boys play during the Physical Training period each day.

## HELLO '33' PARTY

A very unique masquerade party was given by Dorothy Carliss at her home, Saturday evening, October 28. The house was lighted by the weird glow from many jack-o-lanterns, and a very spooky looking ghost waited in one corner to welcome the guests. There were ghosts, witches, clowns, and many other characters represented by the guests, and it was very funny to see these strange people perform in the stunts which they were required to do in playing forfeits. After playing another game, the remainder of the evening was spent in various forms of entertainment, until about eleven o'clock, when appropriate refreshments were served by the hostess.

A short time before the witching hour of twelve, the guests departed, all having had an exceedingly good time.

## THE CARNIVAL.

AT PHOENIX SCHOOL.

NOVEMBER 10 — 2:00 O'CLOCK

### Lines

About the Seniors.

Falls on hot stove.

A most unfortunate accident occurred on Tuesday night October 31, when Mildred Ward fell on the kitchen stove in her home. The girl, as she was placing a pan on the stove, slipped and fell headlong upsetting the pan and severely burning her arm.

Miss Ward did not attend the Christian Endeavor Halloween Social on this account, but came to school on the following day.

### More Green.

In the Senior Class there seems to be a particular fancy for a brilliant color--namely green. To offset this startling shade there is the white.

Each member of the class has in his or her possession a diminutive green and white cap so the Seniors are always known even when seen some distance away.

First one of the Senior boys sported a new brilliant green and white sweater and not there is another. No doubt we shall soon see all of the Seniors wearing --more green.

### Visits School.

Mrs. C. V. Carter, the School Superintendent of Jackson County, visited the Phoenix Schools Thursday afternoon, after having spent the day in visiting country schools.

Mr. Carter taught in the schools here a few years ago and during her short visit here she expressed to some of her former pupils that every thing seemed to her the same as before.

### Civics Class.

The civics class this year is progressing very rapidly, not only along the lines of civics, but every week each person has to tell about some article in the Literary Digest. They are also learning about science and inventions of different kinds. Now and then they have a debate. The last debate was on the subject of recall.

Lady--"Which end shall I get off at."

Conductor--"It's all the same to me, lady, both ends stop."
